*Example: Statement cycle falls on the 30th of the month and your Citi Quick Cash was approved on 15th of the month. Interest payable for the first month's instalment will be pro-rated calculated from one day after the date of approval (16th Aug 2021) to the 1st statement date (30th Aug 2021):

$$15/365 \times 17.9\% \times \text{RM}8,000 = \text{RM}58.85$$

The interest charged from 31st August 2021 to 30th September 2021 will be computed based on:

$$1/12 \times 17.9\% \times \text{RM}8,000 = \text{RM}119.33$$

- 15) Save for the first month's interest, during the Citi Quick Cash Tenure, the Citi Quick Cash Amount and Citi Quick Cash Interest will be billed to your Citi Credit Card Account by way of equal monthly instalments (excluding first month's interest) – i.e. the Citi Quick Cash Monthly Instalments and will appear in your monthly statement of account. The Citi Quick Cash Tenure and/or the Citi Quick Cash Monthly Instalment cannot be varied without our consent and are subject to approval.
- 16) While the Citi Quick Cash continues, the Interest Rate that applies to the Citi Quick Cash Balance will be the Citi Quick Cash Interest Rate. The Citi Quick Cash Interest Rate is locked-in at the point of approval, i.e. any changes to the Citi Quick Cash Interest Rate after the approval of your Citi Quick Cash application is not applicable to the approved Citi Quick Cash amount.
