

Dear valued customers,

Introduction of the MyDebit Cross Border Point-of-Sale (POS) service for overseas transactions

Effective 19 July 2020, we will be introducing the MyDebit Cross Border POS service which will allow all Citibank Debit Card holders to perform MyDebit POS overseas transactions at participating MyDebit merchants.

Singapore will be the first country that will support MyDebit POS overseas transactions. Participating merchants that support this service will have a MyDebit logo placed within their stores. You can enjoy this convenience once you have opt-in your Debit Card to enable overseas transactions.

For more information on Citibank Debit Card, please visit www.citibank.com.my/welcome-debit.
