

Dear valued customers,

Introduction of the Pay with QR feature

Effective 23 August 2020, we will be introducing the Pay with QR feature on the Citi Mobile® App.

Pay with QR will allow Citibank customers to perform Point-of-Sale (POS) transactions (Pay-to-Merchant P2M) and outgoing person-to-person fund transfers (Pay-to-Person P2P) through scanning of PayNet's standard DuitNow QR codes using their Current or Savings account as source of funds.

For more information on the Pay with QR feature, please visit
